LOGNOTE -- Chief, Operations Group, 2 April 1986

1. [] of PMCD called me this morning to say that he has recommended to his boss, [] that a chief editor position in Panama Bureau be established at a GS-13. SA/Ops and I had met with [] and PMCD officer [] yesterday to present our case for the upgrading. Since PMCD views Panama as a prototype bureau, the new position upgrade is a 2-year temporary allocation. PMCD will review the position automatically in 2 years. [] said that as soon as he finds time, he'll be drafting a memo to D/FBIS formally announcing the decision.
